Cambridge Crane Training Schools

Cambridge Crane Training Schools - We have designed many programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who requires certification or re-certification, and for inexperienced operator who is seeking a job in the business. Crane operator positions are high due to their high rates of pay. Operators of cranes are amongst the highest paid of whichever operator of heavy machinery.

Our Crane Operator training offers instruction for a variety of mobile cranes. Course subject consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Rigging, Signaling and Load Charts.

The Crane Training School program is suitable for operators, riggers and supervisors. Course materials include a manual and informative hand-outs. The safety manual that is illustrated features one hundred to two hundred fifty pages, that depends on the course, of vital and useful material. Course materials comprise load charts and load chart exercises for the crane with which the trainee is working.

More than half of the course consists of Hands-On Safety Training. Practical training is useful for developing and increasing personnel skills levels. Only skilled journeyman crane instructors are selected to teach the courses. Our instructors have many years of practice in the business.

Optional testing mechanisms are offered for all of our courses. Students will normally write tests both before and after training. A test for skills is usually administered for programs that include H.O.S.T. Individuals training will be tested and graded.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; In-The Seat Training and Certification & Testing.
