Nissan Forklift

Nissan Forklift Training Cambridge - Nissan takes great pride in achieving overall consumer satisfaction, when their customer is experiencing one of their many products including cars, trucks, and lift trucks. Nissan Motor Co. Ltd is the parent company to Nissan's Forklift division. They are committed to offering high value and detail-oriented quality values to their customers. Incorporating a rich heritage combined with solid production principals, Nissan lift trucks supply many of the finest materials handling equipment the industry has to offer.

Nissan Forklifts has a short time ago added a European manufacturing warehouse in Sweden to keep up with worldwide lift truck demands. Committed to delivering consumer support, the company has four distinct manufacturing facilities that permit them to continually adapt to their customers continually evolving requirements by providing a variety of progressive ideas and concepts.

Nissan Forklift operations for North and South America is based in Marengo, Illinois. Home to a staff of 350 personnel, they are committed to the design, fabrication, and support of their lift truck products. Utilizing ISO standards (ISO-9001 and ISO-14001 certifications) this enables sectors of the Nissan Forklift Operation to sustain environmental responsibility by using methods and processes that limit their environmental footprint. These high standards remind consumers that Nissan operates under the quality seal that their customers require whilst being an environmentally responsive organization.

Nissan is quite certain that any of their clients queries and client considerations directed towards them can be fully addressed. Always accessible through their website or by calling 800.871.LIFT, reaching one of their locally sanctioned dealers or even traveling to their Midwestern office, Nissan Forklift Corporation is confident you will be impressed with their hospitality and dedication.
